

Breeding Contract
for Stallion
F Shamaal
for artificial insemination with semen

Between the Stallion Owner
AL KHALEDIAH STABLES
Tebrak, Makkah Road
P.O. Box 56888 Riyadh 11564
Kindom of Saudi Arabia

and Mare Owner (please fill in complete address)

Name(s) of mare(s): _____

Registration number(s) of mare(s): _____

The breeding season and semen shipments start on February 1 and end on August 31, 2014.
The breeding fee is € 5,000.00 for one mare in the breeding season 2014. Terms of payment:
to be paid before semen shipment.

Should the mare die or not produce a live foal for a period of no less than 24 hours from the
time of birth, the mare owner has the right to rebreed this mare in the breeding season 2015. If
F Shamaal is not in Europe, then there will be frozen semen available. The Mare Owner
acknowledges that the breeding and doses are non-transferable and cannot be resold or
provided to any other party without informing the stallion owner in advance.

Should a breeding be repeated in 2016 and no live foal be produced according to the 2014
contract, then the Mare's Owner must pay € 2,500.00.

Osterhof Stud in Weitnau, Germany distributes the Stallion's fresh semen. Charges for semen
distribution and handling are the sole responsibility of the Mare Owner. Costs and conditions
are listed as follows.

- In case the mare boards, it will cost € 12.00 each day (with foal on foot: € 15.00 each day) plus 7% tax.
- Additional services at Osterhof Stud such as ultrasounds, insemination, collection, etc. have an additional 19% tax.

- Transportation costs must be paid before shipment of the semen. The price depends on the carrier and destination.
- Semen production costs in the amount of € 100.00 are to be paid in advance. These costs include a Styrofoam box for shipment, which does not need to be sent back.
- Should a container be used for the shipment, the container must be returned as soon as possible. There is an additional 19% tax.
- The costs for the semen's transportation from and production at Osterhof Stud are calculated separately each time.

Regarding frozen semen, the Mare Owner shall pay the following costs together with the breeding fee:

- Handling:
 - ❖ flat rate per delivery within Europe: € 125.00
 - ❖ flat rate per delivery outside Europe: € 300.00 (except for USA, Brasil, Australia, South Africa, whose rates are available upon request)
- Health Certificate:
 - ❖ within Europe: € 50.00
 - ❖ outside Europe: € 100.00
- In case of dangerous goods declaration: additional € 150.00

(Note that the handling fee includes the rental of the nitrogen tank, which has to be returned (shipment costs covered by the Mare Owner) within seven days. After that period the customer shall pay € 100.00 for each day delayed. Should the tank get lost the customer shall be charged € 2,000).

On receipt of the nitrogen tank, the Mare Owner shall receive the invoice pertaining to the costs of the doses purchased and the shipment, as following:

- production: € 100.00 each dose (one dose: 4 straws)
- transportation costs: depending on different carriers, delivery time and country.

The breeding report will not be issued until all costs are paid (breeding fee and services). Semen orders must be made by 10:00 am on the day of collection/shipping date.

The Stallion Owner shall provide semen from the Stallion identified in this contract. The Stallion Owner, Agent and Osterhof Stud make no other guarantees regarding the semen's condition once the Styrofoam box or equitainer have left Osterhof Stud.

The Mare Owner shall be responsible for semen storage, proper handling and insemination of the mare. The Mare Owner and the veterinarian of the mare are obligated to fill out the semen report correctly. The semen report has to be sent back as soon as possible.
